- [Adding images to Saved replies](#)

First steps

- [Download the desktop app](#)
- [Install the browser extension](#)
- Watch [the Annotations video](#) — don't skip this, you will learn how to blur images, draw arrows, squares, lines and more!
- [Check out their Knowledge base](#)

Adding images to Saved replies

1. Open the desktop app
2. Find the needed screenshot
3. Click on 3 dots on the right and choose **“Copy direct link”**
4. Remove characters that go after *.png* or *.jpeg*, for example:
`https://p653.p1.n0.cdn.getcloudapp.com/items/lluoQek2/df2e9a71-cde9-4867-bf9e-74fcac8b8075.png?v=64751346b9acefc39858a97a0ccc3f`
5. Go to Saved replies and choose the needed one, or click **“New Saved Reply”**
6. Select the HTML tab
7. Paste your link in the format ``, for example:
`<img
src=“https://p653.p1.n0.cdn.getcloudapp.com/items/lluoQek2/df2e9a71-cde9-4867-bf9e-74fcac8b8075.png”>`
