CloudApp

- First steps
- Adding images to Saved replies

First steps

- Download the desktop app
- Install the browser extension
- Watch the Annotations video — don't skip this, you will learn how to blur images, draw arrows, squares, lines and more!
- Check out their Knowledge base

Adding images to Saved replies

1. Open the desktop app
2. Find the needed screenshot
3. Click on 3 dots on the right and choose **"Copy direct link"**
4. Remove characters that go after *.png* or *.jpeg,* for example:
   https://p483.p1.n0.cdn.getcloudapp.com/items/lluoQek2/df2e9a71-cde9-4895-bf9e-74fcac8b8075.png?v=64751346b9aecfcaf39858a97a0ecc3f
5. Go to Saved replies and choose the needed one, or click **"New Saved Reply"**
6. Select the HTML tab
7. Paste your link in the format <img src="*URL.png*">, for example:
   <img src="https://p483.p1.n0.cdn.getcloudapp.com/items/lluoQek2/df2e9a71-cde9-4895-bf9e-74fcac8b8075.png">
